dedication

to the one who has guided us through the corridors, the halls, and the hymns, we dedicate this SHIELD to you

Miss Paula Ann Fendler

GEOFFREY KNIGHTON HEADMASTER

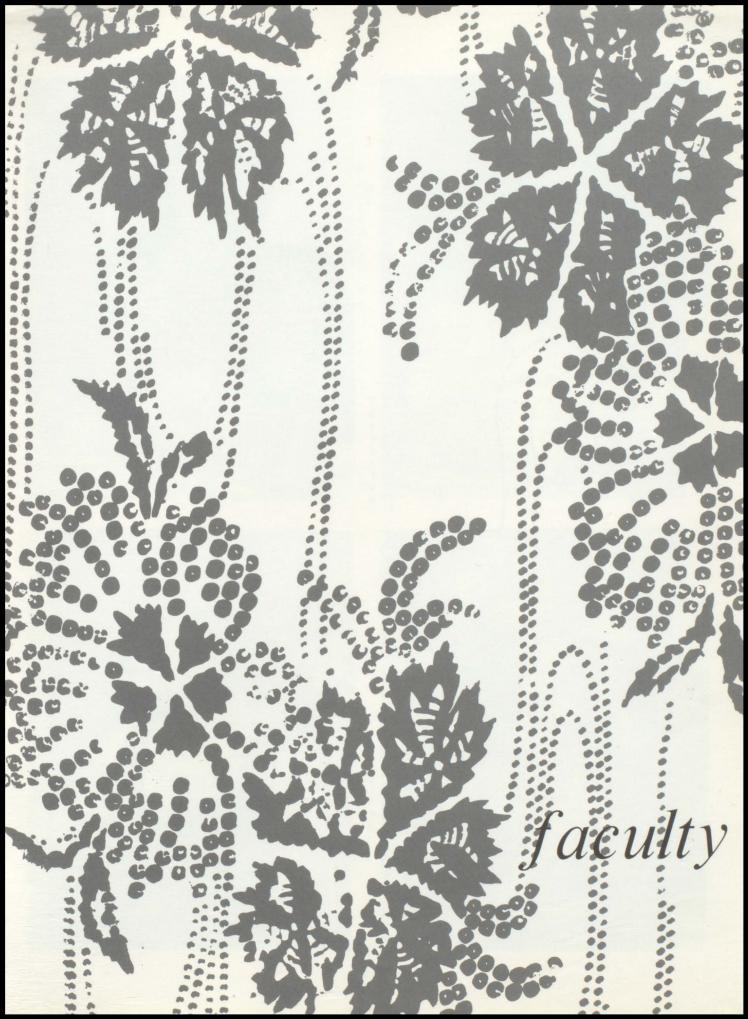

to the class of 1971

if your school has successfully performed its function, you will leave here as individuals, each prepared to make your own decisions rationally and with a ready willingness to accept the responsibilities which follow each decision taken.

your teachers have sought not so much to fill you with facts or impose ideas upon you as to lead you to the thresholds of your own minds.

it is my hope that you will be proud of your school, grateful for its strengths, understanding of its weaknesses.

for my part, i am grateful for the contribution you have made to our community. be sure that in whatever endeavors you may become engaged, i wish you well.

mrs. myhre's dress is great colors mostly of blue, brown, and green. the homework i sure do hate but she isn't really that mean. her hair is always the same and her makeup neat as it should. she doesn't use a paddle or cane when sometimes she really should. she's neater than most teachers though her skirts hit below her knees. she has many good features that most of the class do not see that most of the class do not see.

"the most favorable moment to seize a man and influence him is when he is alone in the mass, it is at this point that propaganda can be most effective. this is the situation of the 'lonely crowd', or of isolation in the mass, which is a natural product of modern-day society and which is both used and deepened by the mass-media."
